From the front the property opens into a former kitchen/living area with separate living room, utility and pantry to the rear, and a rear access area.

Externally the farmhouse sits centrally within its plot, with a former cottage-style garden situated at the front, a further lawned garden at the side and additional grounds extending beyond the beck at the eastern elevation, offering a quiet and peaceful setting. Beyond the house boundaries the land wraps around the adjoining barn giving the total site an area of 0.3 acres or thereabouts.
